
Are you ready to power up your career? At Innovative Energy Alliance (IEA), we're on the lookout for an IT Specialist to join our expanding team. We're not just another employer; we're a passionate, forward-thinking cooperative dedicated to providing unwavering support to our member cooperatives.

Why Choose IEA? Our commitment to our employees is strong, just like our commitment to our cooperative members. We believe in a supportive work environment that not only allows you to thrive professionally but also ensures a healthy work-life balance. Here's what you can expect:

- **Competitive Compensation:** Simple! Hard work deserves recognition and rewards.
- **Ideal Work-Life Balance:** Time is valuable! We are committed to the importance of balance.

Key Responsibilities:

As an IT Specialist at IEA, you'll have the opportunity to assist the information technology department with providing prompt and efficient service and support for the member cooperatives of the IEA.

Qualifications:

We're looking for someone with the right blend of experience and skills:

- A bachelor's degree with an emphasis in a job-related field or 5-10 years of prior work experience that demonstrates the direct skills and abilities to perform the position's essential responsibilities.
- Experience being a great communicator, organized, and time management is needed.
- Valid North Dakota Driver's license.

Ready to Power Your Career? To discover more about Innovative Energy Alliance, delve into the full job description, and explore additional job postings, visit our website at www.iea.coop and click on "Career Opportunities."

To apply, send your cover letter, resume, and the completed IEA employment application to hr@iea.coop. This opportunity will remain open until June 1, 2025.

At IEA, we don't just offer a job; we provide a platform for you to shine. Join us and become an integral part of our commitment to delivering innovative energy solutions while fostering strong cooperative relationships. ***Your career journey begins here.***

Innovative Energy Alliance Cooperative is an equal opportunity employer.
